

## Product Datasheet

### GWF1005

#### Main

Family	Wiring sleeves
Version	WRAPFLEX self-closing polyester sleeve UL 94-V0
Code	GWF1005
Reference	GWF 13
Length (m)	25
Flat width (mm)	60
Ø max (mm)	13

## Technical Features

### **Black color**

Compliant with RoHS

Halogen-free polyester (PET) monofilament + multifilament

**Density:** 1.38 kg/dm<sup>3</sup>

**Working temperature:** - 40°C + 125°C

**Melting temperature:** 250± 5 °C

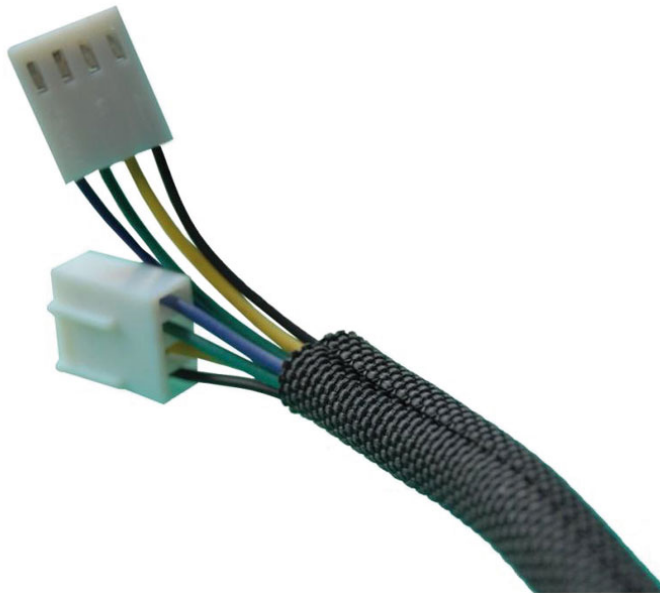

**Self-extinguishing:** UL 94-V0

Self-closing

**Packaging:** coil in cardboard box

## THE RANGE - APPLICATIONS AND ADVANTAGES

- made of braided polyester monofilament + multifilament
- openable sleeve with "memory effect" for immediate closing back
- allows covering already wired cable bundles
- excellent resistance to abrasion and to chemical agents
- GWF sleeve is made of self-extinguishing material UL 94-V0
- GWF sleeves can be cut with the UTG tools
